

IADC

Technical Publications Committee

Report – Sept. 1, 2015

## **Mission**

**The mission of the IADC Technical Publications Committee is to publish a comprehensive, practical, and readily understandable series of peer-reviewed books on petroleum drilling industry, in order to educate and guide industry personnel at all levels.**

# TPC Table of Organization

- Group Leaders
  - Environmental –
  - Fluids – Dr. Fred Growcock
  - Practices – Dr. Arash Haghshenas
  - Rigs & Downhole Equipment – Bob Line

Secretary – Mary Dimataris

Vice Chair –

Nace Peard, Mark Morgan, Gary Young

Chair – Dr. Leon Robinson

IADC Representatives –

Mike Killalea, Loretta Krolczyk

PUBLISHED Peer-Reviewed BOOKS

- |                           |                              |
|---------------------------|------------------------------|
| Casing Design             | Ted Byrom                    |
| Managed Pressure Drilling | Bill Rehm<br>and slaves      |
| Underbalanced Drilling    | Bill Rehm<br>and slaves      |
| Cementing                 | Ron Sweatman                 |
| Driller's Knowledge Book  | Leon Robinson<br>Juan Garcia |

# 8 Books being written

Rig Design and Selection - Bill Dixon

Practical Drilling Hydraulics - Mark Ramsey

Coiled Tubing book - Les Skinner

Casing Drilling - Eric Moellendick and Moji Karimi

NADF - Fred Growcock and group

Drill Bits - Bob Radtke and group

Hazard Mitigation – Dan Hannegan & Deepak Gala

Advanced Drilling Fluid Processing

– S. Bridges, L. Robinson and group

# Books planned

Onshore Waste Management -

Offshore Waste Management –

Lost Circulation - Paul Scott and Fred Growcock

Drill String Design – Paul Pastusik

Operational Geology –

Wellbore Stabilization - Max Wang, and R. Sweatman

Subsea Equipment -

Drill String Design –

Directional Drilling - Greg Devenish, Chris McCartney,  
and Barry Gabourie

We meet four times each year

April 1, 2015 – at IADC Office

July 16, 2015 – at IADC Office

October 15 – 16, 2015

South Padre Island Annual Meeting.

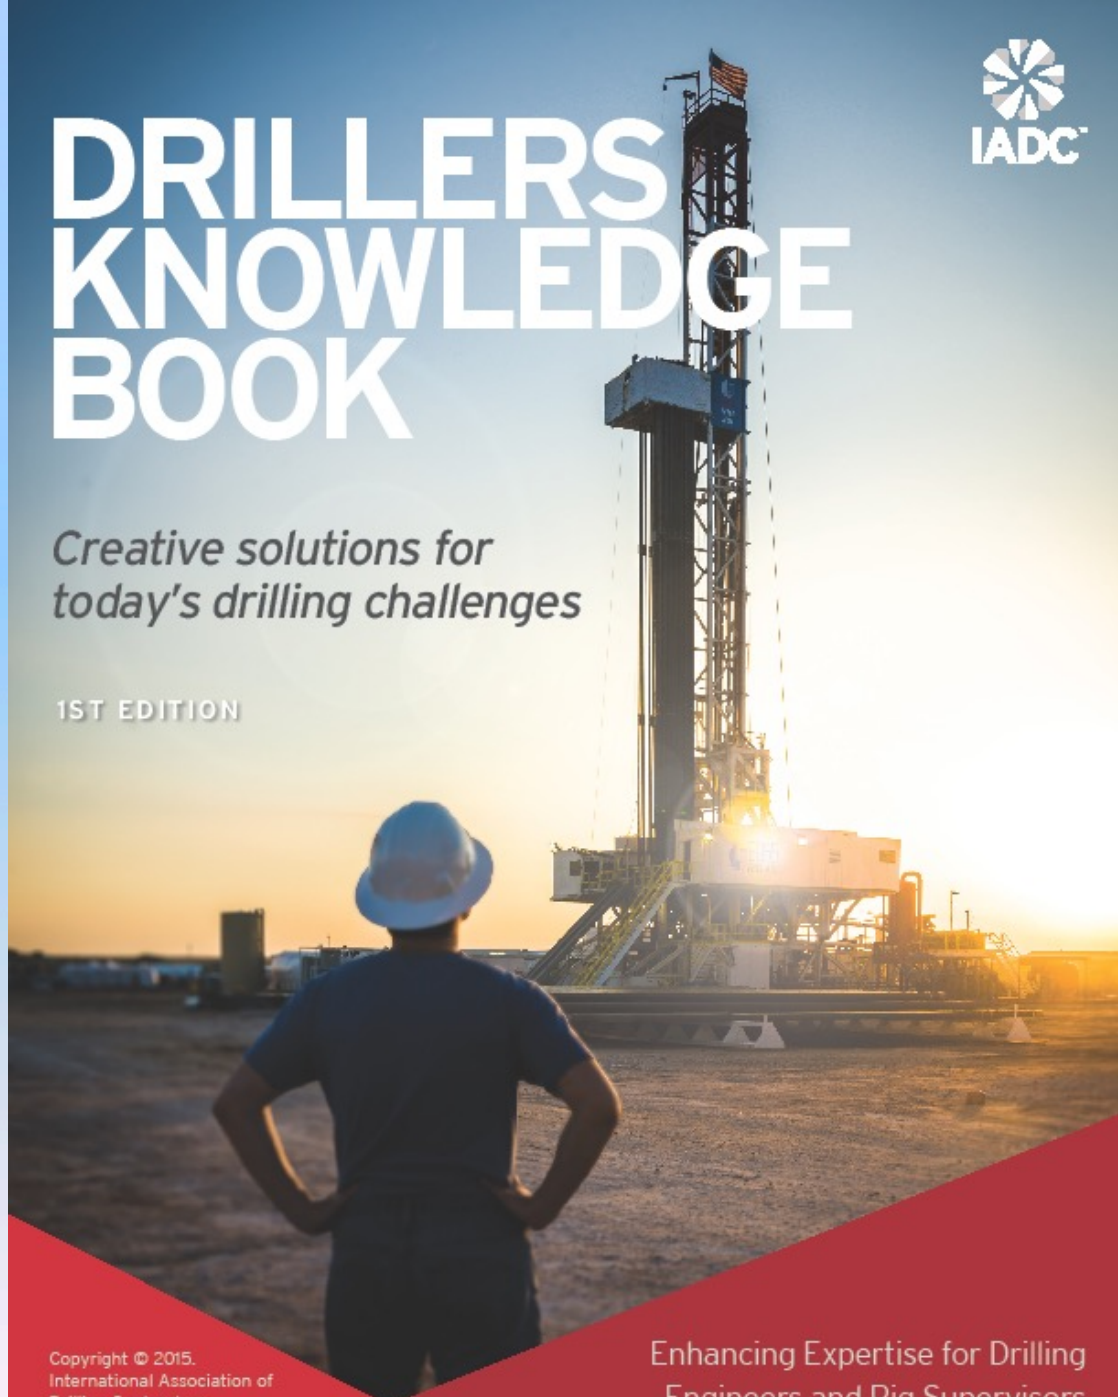

Dec. 10, 2015 – at IADC Office

# DRILLERS KNOWLEDGE BOOK

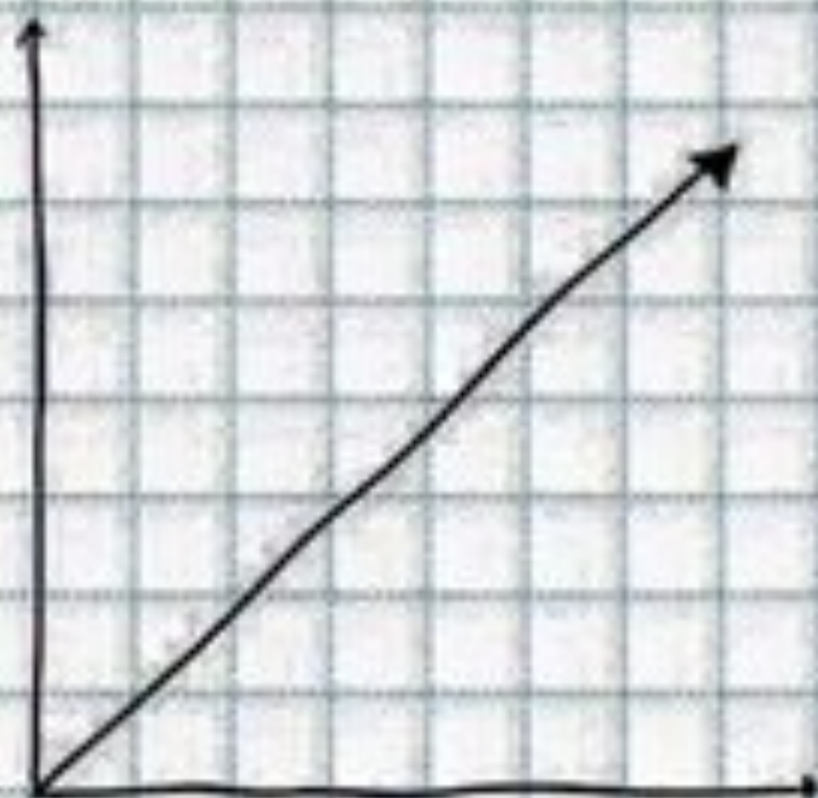

*Creative solutions for  
today's drilling challenges*

1ST EDITION
