- Introductions and safety briefing
- Update on subcommittee chairman situation

- Changed “rated working pressure” to MAWP to be consistent
- Changed MAWP from “maximum acceptable working pressure” to “maximum allowable working pressure” to match definition in appendix

International Association of Drilling Contractors

- Significant discussion on whether leakage alone is capturing a successful pass/fail rate for regulators since these valves are more performance based than shuttle valves/SPMs
 - Does leakage need to be reported at beginning of test and end of test? What about deadband parameters?
 - Manufacturer needs to determine which values they feel comfortable reporting

All meetings must have a written agenda that is circulated prior to the meeting. Attendees must strictly follow the agenda. Topics not on the agenda must be deferred until a later meeting.

Meeting minutes will be posted on the Committee's website following endorsement by Committee leadership and meeting attendees. Attendees should be aware that: 1. There may be audio recordings of meetings, for purposes of facilitating capture of meeting minutes; and 2. The final published minutes will include a record of who attended the meeting. The audio recordings shall be destroyed immediately following endorsement of the minutes.

IADC Committee activities are governed by IADC's Antitrust Policy and Guidelines. [Click here for information on the policy and guidelines.](#)
