

WellCAP[®]

IADC WELL CONTROL ACCREDITATION PROGRAM

BULLETIN 00-02

October 2000

This bulletin is issued to all schools that are accredited or are now in the process of completing an Application for Accreditation.

REVISED WELLCAP HANDBOOK FOR ACCREDITATION FORM WCT-1

Enclosed is a revised version of the Handbook for Accreditation, containing the criteria and procedures for the WellCAP program. This version supercedes all previous versions of the handbook. Earlier versions should be discarded.

The handbook contains no significant changes in procedures other than those previously noted in various WellCAP Bulletins. The revised handbook incorporates these bulletins, and is written to accommodate various types of WellCAP curriculum that will be implemented in the future as well as participation in IAWC. The handbook features a new format, which is intended to be easier to construct and to read.

Additional copies of the handbook may be requested from IADC. The Handbook is also available in PDF form from the IADC web site at <http://iadc.org/wellcap/>.

For more information, contact IADC.
