IADC WELL CONTROL ACCREDITATION PROGRAM

BULLETIN 03-03

August 2003

This bulletin is issued to all schools that are accredited or are now in the process of completing an Application for Accreditation.

WELLCAP PATCHES

As a result of inquiries from industry, IADC will make available to accredited schools fabric patches bearing the WellCAP logo. The patches will measure approximately 3" (8 cm) in diameter and will feature a color logo on a black background.

The patches will be made available only to accredited schools and may be purchased for \$5US each. The general intent is to make these items available to those who have successfully completed a WellCAP course. However, IADC does not intend to scrutinize their final use.

For ordering information, please contact IADC.

This bulletin supercedes any version of WCT-1 dated prior to August 2003.
