

WellCAP[®]

IADC WELL CONTROL ACCREDITATION PROGRAM

BULLETIN 12-01

May 2012

This bulletin is issued to all schools that are accredited or are now in the process of completing an Application for Accreditation.

Revised WCT-01 WellCAP[®] Handbook of Accreditation Released

The WellCAP[®] Handbook for Accreditation, Form WCT-01, has been updated and revised! The recently revised document is available from the IADC WellCAP Accreditation Program website (<http://www.iadc.org/accreditation/iadc-accreditation-programs/online-forms-documents>) or from IADC Accreditation and Certification Department staff.

All WellCAP[®] accreditation criteria are now consolidated into one document. Other noticeable changes have been made to this version of the Handbook (Section Edition, Version 1).

- All program requirements previously published as Bulletins, from Bulletin 04-02 to Bulletin 11-04, are now included in WCT-01.
- The WCT-01 document has been reorganized to more clearly delineate accreditation criteria, accreditation processes, and accredited training providers' responsibilities post-accreditation.
- Appendices have been added to list WellCAP[®] forms frequently used by accredited training providers and to provide an index of frequently asked questions with referenced page numbers to answers.

For more information, please contact Brenda Kelly, Senior Director – Accreditation & Certification Program Development at brenda.kelly@iadc.org.
