

WellCAP[®]

IADC WELL CONTROL ACCREDITATION PROGRAM

BULLETIN 97-03

April 1997

This bulletin is issued to all schools which are accredited or are now in the process of completing an Application for Accreditation.

CORRECTION

FORM WCT-2W

Workover & Completion Operations

Core Curriculum and Related Job Skills

A typographical error has been detected in the above WellCAP document. The error exists in pre-production versions and Revision 970226.

On Page 9, the third job skill listed under D. Accumulators reads:

State, for a 300-psig system, the following:

This item has been amended to read:

State, for a 3000-psig system (or 5000-psig system, if applicable), the following:

In addition to correcting the typo, the option to calculate values for a 5000-psig system has been added to allow for rigs so equipped.

This amendment appears in Form WCT-2W, Revision 970424. The revised version of this form will be distributed only on request to those parties that received the earlier versions. The revised form will be included in all new WellCAP information and application packets distributed after 24 April 1997.

Schools which have or which are developing a WellCAP curriculum should revise their materials and programs immediately to reflect this change.

If you require a copy of the revised version, please contact IADC.
