

NEVER PILE OILY OR GREASY CLOTHING- OR RAGS- INTO AN ENCLOSURE WHERE THERE IS NO VENTILATION!

SPONTANEOUS COMBUSTION WILL CAUSE A FLAME ANYWHERE THAT IT IS ALLOWED TO TAKE PLACE! WHERE RIGS HAVE GALLEYS, TOWELS THAT ARE SOAKED IN COOKING OIL ARE JUST AS DANGEROUS!

INTERNATIONAL ASSOCIATION OF DRILLING CONTRACTORS
P.O. BOX 4287 HOUSTON, TX 77210-4287
